1. Products and Pricing

Our example product range is shown below. All prices include VAT unless otherwise stated.

Product	Description	Price
Smart Desk Lamp	Dimmable LED lamp with USB-C charging port.	£39.99
Wireless Charging Pad	15W Qi-compatible charging pad.	£24.99
7-in-1 USB-C Hub	HDMI, USB-A, SD/microSD and USB-C power delivery.	£49.99
Portable Bluetooth Speaker	Compact rechargeable speaker with up to 12 hours of playback.	£59.99
65W USB-C Wall Charger	Compact fast charger for phones, tablets and compatible laptops.	£29.99

Are prices shown including VAT?

Yes. In this example, all displayed retail prices include UK VAT unless a product page states otherwise.

Can prices change?

Yes. Prices and promotions may change without notice. The price shown at checkout is the price that applies to your order, subject to correction of obvious pricing errors.

Do you offer discounts for large or business orders?

Yes. Business and bulk-order discounts may be available. Contact our sales team with the product, quantity and delivery location for a quotation.

What if an item is out of stock?

If a product is unavailable, the product page will normally show it as out of stock. You may contact support to ask about expected availability or suitable alternatives.

2. Orders and Payment

How can I place an order?

Orders can be placed through our website. Select your products, add them to your basket, enter your delivery details, choose a shipping option and complete payment at checkout.

Which payment methods do you accept?

We accept Visa, Mastercard, American Express, PayPal, Apple Pay and Google Pay. Availability may depend on your device, browser and country.

When will I be charged?

Payment is normally authorised when you place the order and charged when the order is confirmed for processing. Your bank may show a temporary pending authorisation before the final charge.

Can I change or cancel an order?

Contact us as soon as possible. We can usually change or cancel an order before it enters dispatch processing. Once dispatched, you may need to use the returns process instead.

Will I receive an order confirmation?

Yes. An order confirmation is sent by email after checkout. If you do not receive it, check your spam folder and then contact support with your name and approximate order time.

3. Shipping and Delivery

Service	Estimated time	Cost	Notes
Standard UK	2-4 working days	£3.99	Free for orders over £50.
Express UK	Next working day	£7.99	Order before 2:00 pm; eligible postcodes only.
International	5-12 working days	Calculated at checkout	Customs charges may apply.

How long does shipping take?

Standard UK delivery usually takes 2-4 working days after dispatch. Express delivery is normally the next working day for eligible orders placed before the stated cut-off time. International delivery usually takes 5-12 working days.

How can I track my order?

When tracking is available, we will email you a dispatch confirmation containing a tracking link or tracking number.

Do you ship internationally?

Yes, to selected countries. Available destinations and charges are shown at checkout. Import duties, taxes or customs fees may be charged by the destination country and are normally the customer's responsibility.

What happens if my parcel is delayed?

Carrier delays can occasionally occur. Check the tracking information first. If there has been no update for two working days beyond the estimated delivery date, contact support so we can investigate.

What if my parcel arrives damaged?

Take clear photographs of the packaging and damaged item and contact us within 48 hours of delivery. Keep the packaging until we confirm the next steps.

4. Returns, Refunds and Exchanges

What is your return policy?

Unused products can normally be returned within 30 days of delivery, provided they are in their original condition and include all accessories and packaging. Some exclusions may apply for hygiene-sealed or personalised items.

How do I start a return?

Email support with your order number, the item you want to return and the reason. We will provide return instructions and, where applicable, a return authorisation reference.

Who pays return shipping?

For change-of-mind returns, the customer normally pays return postage. If an item is faulty, damaged or supplied incorrectly, we will provide an appropriate return or replacement arrangement.

How long do refunds take?

Approved refunds are normally issued to the original payment method within 5 working days of inspection. Your bank or card provider may take additional time to display the funds.

Can I exchange an item?

Where stock is available, we may offer an exchange for a different model or replacement item. If a direct exchange is not possible, we may process a refund so that a new order can be placed.

5. Warranty and Product Support

Do your products include a warranty?

Yes. Our electronics include a 12-month limited warranty against manufacturing defects from the date of purchase. This does not cover accidental damage, misuse, unauthorised repairs or normal wear and tear.

What information should I provide for technical support?

Please include your order number, product name, a short description of the issue, any troubleshooting already attempted and, if helpful, photos or a short video showing the problem.

Do you provide setup guidance?

Yes. Quick-start instructions are included with supported products, and our customer support team can assist with basic setup and troubleshooting questions.

6. Contact, Account and Privacy

How can I contact customer service?

Email support@brighthouse.example or call +44 (0)20 7946 0123. Support hours are Monday to Friday, 9:00 am-5:30 pm UK time, excluding public holidays.

How quickly will you reply?

We aim to respond to email enquiries within one working day. During busy periods, responses may take slightly longer.

Do I need an account to order?

No. Guest checkout is available in this example. Creating an account can make it easier to view order history, save addresses and manage preferences.

How is my personal information used?

We use personal information to process orders, take payment, arrange delivery, provide customer support and meet legal obligations. Full details should be stated in the company's privacy notice.

How do I update my contact details?

If you have an account, update your details in the account settings. For an order already placed, contact support promptly because changes may not be possible after dispatch.
